

April, 2020 Newsletter

The COVID 19 pandemic has WMers and their caregivers all over the world concerned. As of today, we have not heard of any Canadian WMers having contracted COVID 19. There are confirmed WM patients in the UK and USA who have tested positive for COVID 19, and we are praying for their well being and quick recovery. Dr. Steve Treon from Dana Farber has asked to be notified if there are any Canadian WMers who unfortunately contract COVID 19. The WMFC would also like to be there to support you. Please contact WMFC at paul.kitchen@wmfc.ca.

Linked is an [article by Dr. Shirley D'Sa](#) concerning WM and COVID 19; Dr. D'Sa spoke at the Halifax EdForum in November 2018, an [April 6 update from the IWMF](#) and a copy of the [most recent edition of the Torch](#). I hope you all get a chance to read through it; there is always so much valuable WM information in each issue.

The WMFC is entirely a volunteer organization. As such, we are always looking for volunteers who are willing to help our organization and who are willing to serve as Board members or Statutory members (Trustees), both of which we need to help the WMFC continue to improve and be of greater help to WMers. In particular, we are looking for someone with financial/accounting expertise.

Stay well. If there is anything the WMFC can do for you, please let us know.

Paul Kitchen
WMFC Board Chair
