

WMFC News - July 2020

Research Month

Your July Research Month letter should shortly arrive in your mail. Have a look and let us know how you feel about it. Thanks.

IWMF Virtual Ed Forum

As you will see in the note linked below, the IWMF is running its virtual forum over a number of months. Registration is now open for the Educational Webinar with Dr. Matous on July 22. WMFC members may be interested to know that Dr. Matous was born in Canada and lived here when he was young. <https://www.iwmf.com/news-and-events/news/registration-now-open-2020-iwmf-global-educational-webinar>.

Zoom Meeting with Dr. Zach Hunter

Last month the Atlantic Canadian Support Group asked Dr. Zach Hunter from the Bing Centre at the Dana Farber Cancer Institute to join them for a zoom call support group meeting. To view a video of the call, see the link below. Ron Ternoway, the Atlantic Support Group leader, introduced Dr. Hunter. Dr. Hunter spoke to the group about the latest research on WM. He also talked about the research project he is undertaking that is being supported jointly by the WMFC and the IWMF. For those interested in Waldenstrom's and the latest research, this video will be of great interest. There is a question and answer session at the end of Dr. Hunter's talk. <https://youtu.be/Xvod1Jsw84>

Thank you

Paul Kitchen
WMFC Board Chair
