

# Waldenstrom's Macroglobulinemia Update

We hope you can join us for this informative virtual program!

## SPEAKER:

**Dr. Jorge Castillo, MD**  
Hematologist/Oncologist  
Clinical Director

Bing Center for Waldenstrom's macroglobulinemia  
Harvard Medical School, Dana-Farber Cancer Institute

## PROGRAM:

Dr. Castillo was born in Peru, received his medical degree in Mexico City, and completed his Internal Medicine and Hematology & Oncology training at the University of Massachusetts and Brown University, respectively. He is an Associate Professor at Harvard Medical School and serves as the Clinical Director of the Bing Center for Waldenström Macroglobulinemia at the Dana-Farber Cancer Institute, and he sees approximately 1,000 patients with Waldenström Macroglobulinemia per year in his Clinic.

Dr. Castillo is also the principal investigator in a series of innovative clinical trials evaluating highly effective non-chemotherapeutic approaches for patients with Waldenström macroglobulinemia. He is a member of the NCCN Committee for Myeloma, Amyloidosis and Waldenström Macroglobulinemia. He has authored more than 200 peer-reviewed articles and has published his research in the New England Journal of Medicine, Lancet Oncology, Journal of Clinical Oncology and Blood.

Please join the Waldenstrom's Macroglobulinemia Foundation of Canada for a free virtual education program for hematologists and medical specialists. Dr. Castillo will discuss the latest advances in Waldenstrom's Macroglobulinemia from diagnosis to living with Waldenstrom's macroglobulinemia. Participants will learn about the newest treatment options, signs and symptoms, clinical trials, and managing side effects. The impact of COVID 19 and the vaccine will be discussed. We will also review key questions to discuss with your patients, quality of life and the future of Waldenstrom's treatment.

**Thursday**  
**May 19, 2022**  
7:00 PM – 8:00 PM (EST)

## REGISTRATION INFORMATION
